## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. **Claims 1 – 12** are allowed.
2. The following is an Examiner's statement of reasons for allowance:

The closest prior art teaches a plurality of photoelectric conversion devices each of includes a two-dimensional array of photoelectric conversion areas and plurality of light guide members in one-to-one correspondence with each of the photoelectric conversion devices wherein an adhesive is used to bond each of the photoelectric conversion devices to the respective light guide members.

However, the closest prior art does not teach or fairly suggest a light guide member for guiding light to be incident on the two-dimensional array of the photoelectric conversion areas of the plurality of photoelectric conversion devices wherein the light guide member includes a connection member for electrically connecting said plurality of photoelectric conversion devices with each other to transmit an electrical signal between said plurality of photoelectric conversion devices.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
